

Our range of modular reception counters can be assembled in a number of configurations, allowing the user to specify a counter that harmoniously fits within its environment, without incurring the cost associated with tailor made reception counters.

Each complete section can be used on its own or linked to another unit to create larger, bespoke configurations. A linking device facilitates simple re configuration of the units.

When specifying linked units, add the recessed leg pack to allow increased leg room (see page 187). When ordering, please suffix the code with the appropriate MFC colour option followed by the Acrylic colour (below) i.e.

**MOREC08SLSWW** - Sorrento Walnut MFC/White Acrylic

AutoCAD blocks of each counter and space planning services are available, contact our design studio for further details.

## MFC & Acrylic Colours

See Page 236 for MFC finish options available in the 25mm panel category.

We use Parapan 4mm solid acrylic panels on all of our reception counters. Parapan is the finest quality high gloss solid acrylic on the market and the high gloss finish is on both sides of the material. Parapan acrylic is highly durable, moisture resistant and UV stable, so it will not fade. Available in the following colours as standard (other colours available upon request).

Alpine White (W)

Cream White (CW)

Light Grey (LG)

Stone Grey (SG)

Zest Yellow (Y)

Dark Cyan (DC)

Royal Blue (RB)

Black (BK)

Prices	Are recommended retail (excluding VAT).
